Rajnish Bhatnagar

SSC CGL Pre

Read the following instructions carefully before you begin to attempt the questions.

INSTRUCTIONS TO CANDIDATE

- (1) This booklet contains **100 Questions** in all comprising the following **Four** parts.
 - **Part-(I) : General Intelligence and Reasoning** (25 Questions)
 - **Part-(II) : Quantitative Aptitude** (25 Questions)
 - **Part-(III) : General Awareness** (25 Questions)
 - **Part-(IV) : English Language** (25 Questions)
- (2) All the questions are compulsory and carry equal marks.
- (3) Before you start to attempt the questions, you must explore this booklet and ensure that it contains all the pages and find that no page is missing or replaced. If you find any flaw in this booklet, you must get it replaced immediately.
- (4) **Each question carries negative marking also as 0.5 mark will be deducted for each wrong answer.**
- (5) You will be supplied the Answer-sheet separately by the invigilator. You must complete the details of Name, Roll number, Test name/Id and name of the examination on the Answer-Sheet carefully before you actually start attempting the questions. You must also put your signature on the Answer-Sheet at the prescribed place. These instructions must be fully complied with, failing which, your Answer-Sheet will not be evaluated and you will be awarded 'ZERO' mark.
- (6) Answer must be shown by completely blackening the corresponding circles on the Answer-Sheet against the relevant question number by **Black/Blue ball pen** only.
- (7) A machine will read the coded information in the OMR Answer-Sheet. In case the information is incompletely/different from the information given in the application form, the candidature of such candidate will be treated as cancelled.
- (8) The Answer-Sheet must be handed over to the Invigilator before you leave the Examination Hall.
- (9) Failure to comply with any of the above Instructions will make a candidate liable to such action/penalty as may be deemed fit.
- (10) Answer the questions as quickly and as carefully as you can. Some questions may be difficult and others easy. Do not spend too much time on any question.
- (11) Mobile phones and wireless communication device are completely banned in the examination halls/rooms. Candidates are advised not to keep mobile phones/any other wireless communication devices with them even switching it off, in their own interest. Failing to comply with this provision will be considered as using unfair means in the examination and action will be taken against them including cancellation of their candidature.
- (12) No rough work is to be done on the Answer-Sheet.
- (13) No candidate can leave the examination hall before completion of the exam.

NAME OF CANDIDATE:.....

DATE :..... CENTRE CODE :.....

ROLL No

Maximum Marks : 200

Total Questions : 100

Time Allowed : 60 Min.

DO NOT OPEN THIS TEST BOOKLET UNTIL YOU ARE TOLD TO DO SO

SCP-9I36046I2-E

General Intelligence and Reasoning

1. If $54 \# 38 = 202$ and $35 \# 77 = 260$, then $67 \# 59 =$ " ".
(A) 252 (B) 365
(C) 321 (D) 278
2. Seven persons P, Q, R, S, T, U and V sit in a linear row facing north direction. Q sits second to the right of U. Only one person sits between Q and P. As many persons sit to the right of P as to the left of Q. V sits second to the right of T. V doesn't sit adjacent to Q. S sits to the left of R. Who sits fourth to the right of S?
(A) V (B) P
(C) R (D) T
3. If 'L x# M' means 'L is x metres north of M', 'L x@ M' means 'L is x metres south of M', 'L x\$ M' means 'L is x metres west of M', 'L x% M' means 'L is x metres east of M'. If 'A 5@ B 1\$ D 5# E 2\$ N 12@ K 2\$ M' is true, then what is the distance and direction of A with respect to M?
(A) 14m, southeast (B) 13m, southwest
(C) 13m, northeast (D) 15m, southwest
4. In a certain code language, 'JOINTS' is written as '1025961' and 'SLOGAN' is written as '5176310'. How will 'RAISED' be written in that language?
(A) 4510194 (B) 9190154
(C) 4510919 (D) 9191045
5. What will be the value of the given expression after the following interchanges?
Expression: $52 - 15 + 270 \div 8 \times 3$
Interchanges:
Sign: '+' and '-',
Number: '270' and '52'
(A) 46 (B) 120
(C) 28 (D) 19
6. In a certain code language, 'MOUTH' is coded as 'PLXGK', 'ARTICLE' is coded as 'DIWRFOH'. How will 'DENTIST' be coded as in that language?
(A) GVQGLJK (B) HVQDLHW
(C) GVQGLHW (D) GHSRORX
7. Which number will replace the question mark (?) in the following series?
117, 134, 153, 176, ?, 236, 273
(A) 206 (B) 189
(C) 199 (D) 205
8. Select the number that is related to the fourth number and the fifth number in the same way as the second number and the third number are related to the first number and the seventh number and the eighth number is related to the ninth number.
 $31:23::155::37:19::?::47:29:517$
(A) 332 (B) 210
(C) 370 (D) 352
9. Select the figure from the options that can replace the question mark (?) and complete the given pattern.

10. Select the Venn diagram that best represents the relation between the following classes.
Primary colour, Red colour, Blue colour

11. A piece of paper is folded and cut as shown below in the question figure. How will it appear when unfolded?

12. Select the option in which the pair of letter clusters is not related in the same way as the pair of letter clusters given below.
NER: RHT
(A) BGQ: FJS (B) JKI: NNK
(C) SDF: WGI (D) KNQ: OQS
13. Select the option in which the numbers shares the same relationship in set as that shared by the numbers in the given set. (NOTE: Operations should be performed on the whole numbers, without breaking down the numbers into its constituent digits. E.g. 13 – Operations on 13 such as adding/ subtracting/

multiplying etc. to 13 can be performed. Breaking down 13 into 1 and 3 and then performing mathematical operations on 1 and 3 is not allowed)
(14, 112, 6)
(17, 204, 5)
(A) (9, 89, 3) (B) (21, 189, 12)
(C) (24, 145, 18) (D) (15, 135, 7)

14. Which letter cluster will replace the question mark [?] in the following series?
CAT, FDR, IGP, LJN, OML, ?
(A) RPJ (B) RUV
(C) JPJ (D) RLP

15. Select the option in which the numbers shares the same relationship in set as that shared by the numbers in the given set. (NOTE: Operations should be performed on the whole numbers, without breaking down the numbers into its constituent digits. E.g. 13 – Operations on 13 such as adding /subtracting /multiplying etc. to 13 can be performed. Breaking down 13 into 1 and 3 and then performing mathematical operations on 1 and 3 is not allowed)
(8, 63, 81)
(11, 120, 144)
(A) (6, 36, 49) (B) (5, 24, 49)
(C) (7, 48, 96) (D) (9, 80, 100)

16. Three different positions of the same dice, which has numbers 36, 37, 38, 39, 40 and 41, are shown. Select the number that will be on the face opposite to the one showing '38'.

(A) 41 (B) 39
(C) 37 (D) 40

17. Select the figure that will come in place of the question mark (?) in the following figure series.

18. The second number in the given number-pairs is obtained by performing certain mathematical operation(s) on the first number. The same operation(s) is/are followed in all the number-pairs except one. Find that odd number-pair.
(A) 125: 512 (B) 432: 729
(C) 511: 343 (D) 216: 125

19. Select the combination of letters that when sequentially placed in the blanks of the given letter series will complete the series.
_ p _ q _ r r _ _ s p _ q q q _ _ r s _ p p _ _ q _ r r _ _
(A) p q q r s p q q s s p q r s
(B) p q q r s p q q r s p r s
(C) p q q r s p r r s q q r s s
(D) p q q s r p r s r q q s r s

20. If a mirror is placed on the line MN, then which of the answer figures is the right image of the given figure?

21. There are six members, L, M, N, O, P and U in a family of three generations. U is the father of P. O, who is married to N, is the only son of U. Q is the nephew of P. L, who is not mother of N, is the grandmother of Q. How is P related to L?
(A) Grandson (B) Daughter
(C) Nephew (D) Mother

22. Words given on the left side of (::) are related with each other by some Logic/Rule/Relation. Select the missing word/word pair on the right side of (::) from the given alternatives based on the same Logic/Rule/Relation.
Tea : Cup :: ?
(A) Paper : Pulp (B) Food : Plate
(C) Milk : Drink (D) Glass : Water

23. In the question below some statements are given followed by four conclusions I, II, III and IV. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusion definitely follows from the given statements, disregarding commonly known facts.
Statements: Few Error is Correct.
No Correct is Incorrect.
All Incorrect is Question.
No Solution is Incorrect.
Conclusions: I. Some Correct is Incorrect.
II. Some Question is not Solution.
III. No Error is Incorrect.
IV. Some Question is Incorrect.
(A) Only conclusion II follows
(B) Only conclusions II and IV follow
(C) Only conclusion II, III and IV follow
(D) Only conclusion III follows

24. Which of the following sequence represents the correct dictionary order of the following words?
 1) Adventure 2) Adversity
 3) Admission 4) Advocate
 5) Adaptor 6) Advent
 (A) 5, 3, 6, 2, 1, 4 (B) 5, 3, 1, 6, 2, 4
 (C) 5, 3, 6, 1, 2, 4 (D) 5, 2, 6, 3, 1, 4

25. Select the option in which the given figure is embedded (Rotation is not allowed).

Quantitative Aptitude

26. At present, the average age of Shivang and Kanika is 30 years such that ratio of their present ages is 8:7, respectively. 2 years hence from now, the ratio of ages of Kanika and Dibashi will be 5:4, respectively. 2 years ago from now, what was the ratio of age of Dibashi to that of Shivang?
 (A) 2:3 (B) 6:7
 (C) 3:4 (D) 10:13

27. A 309 litre mixture consists of milk, water and honey. In the mixture, the quantity of milk is 30% more than that of honey and the quantity of water is 40% more than that of milk. Find the quantity of milk in the mixture.
 (A) 110 litres (B) 97.5 litres
 (C) 99 litres (D) 102.5 litres

28. The histogram given below shows the range of marks, and the number of students who obtained marks within the given range. Study the graph carefully and answer the question given below.

Find the ratio of number of students who obtained less than 50 marks to the number of students who obtained at least 50 marks and at most 80 marks.

- (A) 3:8 (B) 4:9
 (C) 5:12 (D) 2:5
29. Find the area (In square units) of the triangle whose vertices lie on the co-ordinates (-2, 0), (-3, 2) and (2, 4).
 (A) 12 (B) 3
 (C) 4 (D) 6
30. Find the number of zeroes at the end of 72!.
 (A) 18 (B) 14
 (C) 16 (D) 20
31. Base of a pyramid is rectangle whose length and breadth are 21 cm and 16 cm, respectively. If height of the pyramid is 15 cm, then find the volume of pyramid.
 (A) 1,920 cm³ (B) 2,040 cm³
 (C) 2,760 cm³ (D) 1,680 cm³
32. Two dice are thrown simultaneously. Find the probability that exactly one of the numbers appearing is prime.
 (A) (1/2) (B) (5/12)
 (C) (5/9) (D) None of these
33. $x = \frac{1}{3 + \frac{4}{5 + \frac{4}{5}}}$ and $y = \frac{214}{29}x$, then find the value of $y^2 + 107x$.
 (A) 33 (B) 29
 (C) 23 (D) 27
34. Find the value of the given expression:

$$\frac{3\sin^2 60^\circ + \cos^2 45^\circ + \frac{1}{3}\csc 30^\circ - \frac{1}{12}\sin 90^\circ}{5\tan 37^\circ \tan 63^\circ + \cot^2 30^\circ}$$

 (A) (7/20) (B) (2/3)
 (C) (5/12) (D) (3/8)
35. ₹30,000 is divided into two parts. The first part is invested for $6\frac{1}{2}$ years at simple interest of $15\frac{1}{3}\%$ p.a. and the second part is invested for $4\frac{1}{4}$ years at simple interest of $\frac{25}{3}\%$ p.a. such that the interest received from the second part is ₹235 less than 25% of the interest received from the first part. Find the sum invested in the first part.
 (A) ₹16,400 (B) ₹12,000
 (C) ₹18,000 (D) ₹19,600
36. The bar graph given below shows the number of pencils and number of erasers sold by a shopkeeper on 4 different days of a week. Read the graph carefully and answer the question that follows.

▨ Number of pencil sold ▨ Number of erasers sold

Find the ratio of number of pencils sold on Monday, Tuesday and Wednesday together to number of erasers sold on Tuesday, Wednesday and Thursday together.

- (A) 89:59 (B) 89:61
(C) 59:89 (D) 61:89

37. In the given figure, AB is parallel to DC, AB = BC and AD is parallel to BC. If AC = 9 cm and BD = 14 cm, then find the area of $\triangle ECD$ given that E, A and B are collinear.

- (A) 35 cm^2 (B) 31.5 cm^2
(C) 27.5 cm^2 (D) 40 cm^2

38. The cost price of a wrist watch is ₹980 and it is marked 40% above its cost price. If the watch is sold after two successive discounts of 15% and ₹54, respectively then what will be the profit earned on selling the watch?

- (A) ₹132.20 (B) ₹156.80
(C) ₹120.00 (D) ₹108.40

39. In a $\triangle ABC$, 'D' and 'E' are points on BC such that AD = AE and $\angle BAD = \angle CAE$. If AB = $(2p + 3)$ units, BD = $'2p'$ units, AC = $(3q - 1)$ units and CE = $'q'$ units, then find the value of $(p + q)$

- (A) 5 (B) 4
(C) 2 (D) 3

40. If $(x^3 - y^3) = 98$, $(x - y) = 2$ and $x, y > 0$, then find the value of $(12x - 8y)$.

- (A) 12 (B) 24
(C) 36 (D) 28

41. A train takes 14 seconds to cross a 150 metres long bridge and 24 seconds to cross a platform that is twice as long as the train. Find the time taken by the train to cross a pole.

- (A) 8 seconds (B) 12 seconds
(C) 16 seconds (D) 10 seconds

42. If $\{(\sec \theta + \tan \theta)/(\sec \theta - \tan \theta)\} = (8/5)$, then find the value of $\operatorname{cosec} \theta$.

- (A) $(15/4)$ (B) $(4/15)$
(C) $(17/3)$ (D) $(13/3)$

43. In the figure given below AM is the radius of the circle with centre 'A'. MN is the direct common tangent between two circles. If MN = 25 cm, AM = 12 cm, then find the length of MO.

- (A) 50 cm (B) 25 cm
(C) 12.5 cm (D) 20 cm

44. The table given below shows the number of vehicles (Two wheelers + Four wheelers) sold by a seller on five different days and percentage of number of two wheelers sold on each day out of total vehicles sold by him on the same day. Read the table carefully and answer the question that follows:

Day	Total number of vehicles sold	Percentage of number of two wheelers sold
Monday	400	55%
Tuesday	450	42%
Wednesday	325	40%
Thursday	360	50%
Friday	240	45%

Find the difference between number of four wheelers sold on Tuesday and Thursday together and number of two wheelers sold on Wednesday.

- (A) 413 (B) 311
(C) 441 (D) None of these

45. If 45780×52 is divisible by 72, then find the sum of all possible values of 'x'.

- (A) 9 (B) 5
(C) 16 (D) 11

46. 18 men can complete a work in 10 days, while 24 women can complete the same work in 25 days. In how many days 6 men and 10 women can complete the 50% of the work if they are working together?

- (A) 15 days (B) 12 days
(C) 8 days (D) 10 days

47. John travelled a total of 432 km where he travelled $5/8^{\text{th}}$ of the distance at a constant speed of 30 km/h. At what speed must he travel the remaining distance so that he takes a total of 13.5 hours for the entire journey?

- (A) 40 km/h (B) 36 km/h
(C) 48 km/h (D) 32 km/h

48. 'A' and 'B' together can complete a work in 110 days. 'B' and 'C' together can complete the same work in 90 days. 'A' and 'C' together can complete 50% of the same work in 49.5 days. Find the time taken by 'B' alone to complete 20% of the work.
(A) 44 days (B) 39.6 days
(C) 36 days (D) 41.2 days
49. A shopkeeper bought 15 kg of ghee at ₹840 per kg. Using a faulty scale, he later he sold all of the ghee bought, at a price that was $(50/7)\%$ more than cost price (per kg), and a made an overall profit of 5% in the transaction. 1 kg reads as how many grams in the faulty scale?
(A) 900 grams (B) 1032 grams
(C) 960 grams (D) 980 grams
50. Three numbers 'A', 'B' and 'C' are in the ratio 18:25:30 respectively. The values of 'A' and 'C' are both decreased by 12.5% whereas 'B' is increased by 12%. What is the ratio of 'A', 'B' and 'C' respectively now?
(A) 9:16:15 (B) 8:7:12
(C) 10:14:15 (D) 7:9:12

General Awareness

51. Which Indian cricketer has been appointed as an event ambassador for ICC Champions Trophy 2025?
(A) Sachin Tendulkar (B) Kapil Dev
(C) Yuvraj Singh (D) Shikhar Dhawan
52. Which new digital platform has SEBI recently launched?
(A) 'Mitra' (B) 'Sajag'
(C) 'Samarth' (D) 'Rochak'
53. Which ministry is organizing the first-ever Regional Dialogue on Social Justice in New Delhi?
(A) Ministry of Home Affairs
(B) Ministry of Labour & Employment
(C) Ministry of Social Justice & Empowerment
(D) Ministry of External Affairs
54. Who among the following invented the aeroplane?
(A) Auguste and Louis Lumière
(B) Alexander Graham Bell
(C) Orville and Wilbur Wright
(D) Louis Pasteur and Alexander Fleming
55. "Viyahula Giddha" is a popular folk dance performed during marriages in Indian state of:
(A) Odisha (B) Gujarat
(C) Punjab (D) Jharkhand
56. Cobalamin is the scientific name of Vitamin _____.
(A) B1 (B) C
(C) B12 (D) E
57. 'Capra aegagrus hircus' is commonly known as _____.
(A) Cow (B) Goat
(C) Hen (D) Dog
58. Which of the following type of printer uses heat for producing the image on paper?
(A) Thermal Printer (B) Digital Printer
(C) Dot-matrix Printer (D) Inkjet Printer
59. Where is the Atacama Salt Flat located?
(A) Argentina (B) Bolivia
(C) Chile (D) Peru
60. Who composed the famous patriotic song of 'Vijay Vishwa Tiranga Pyara'?
(A) Shyamlal Gupta (B) Madan Bihari
(C) Ganesh Shukla (D) Valmiki Kumar
61. Which of the following is NOT a type of broadband internet connection?
(A) Dial-up (B) Satellite
(C) Cable (D) DSL
62. Which of the following is NOT a property of magnetic lines of force?
(A) The magnet lines of force are open curves.
(B) Two lines of force never intersect each other.
(C) If the lines of force are crowded, the field is strong.
(D) If the lines of force are parallel and equidistant the magnetic field is uniform.
63. Given below are two statements:
Statement (I): Ammonia is a colourless and pungent gas composed of nitrogen and hydrogen.
Statement (II): Ammonia is produced in human body and is commonly found in soil.
In the light of the above statements, choose the most appropriate answer from the options given below:
(A) Both Statement I & Statement II are true
(B) Both Statement I & Statement II are false
(C) Statement I is true but Statement II is false
(D) Statement I is false but Statement II is true
64. Consider the following pairs (Ancient names of Rivers - Modern names of Rivers) and select the CORRECT One (s) :
(I) Asikini - Chenab
(II) Sadanira - Ghaghara
(III) Vitasta - Sutlej
Code:
(A) I & II only (B) I only
(C) II & III only (D) Cannot be determined
65. Which of the following statements about the Anushilan Samiti is/are correct?
(I) It was established in 1902 by Satish Chandra Bose and Barrister Praanath Mitra in Kolkata.
(II) The Samiti published a periodical named 'Yugantar' to promote revolutionary ideas.
(III) The Samiti dissolved into the Revolutionary Socialist Party before the Second World War.
Code:
(A) I and II only (B) I and III only
(C) II and III only (D) I, II, and III
66. The correct order of electron affinity of halogens is:
(A) $F < I < Br < Cl$ (B) $I < Br < F < Cl$
(C) $I > Br > F > Cl$ (D) $I < Br < Cl < F$
67. Which of the following statement/s is/are correct about "Static Electricity"?
I. It is the electricity built on the surface of a substance.
II. It is generated by power plants and batteries.
III. Static electricity is uncontrolled.

- (A) Only I (B) Only II
(C) Both I and II (D) All I, II and III
68. What is the primary function of the newly launched SHe-Box portal by the Ministry of Women and Child Development (MoWCD) ?
(A) To provide online education resources for women
(B) To register and monitor complaints of sexual harassment of women at the workplace
(C) To offer financial assistance to women entrepreneurs
(D) To promote women's health and wellness programs
69. Kodaikanal Solar Observatory is located in which state?
(A) Tamil Nadu (B) Kerala
(C) Andhra Pradesh (D) Karnataka
70. Who was the Chairman of the first Law Commission of British-India?
(A) Lord Cornwallis (B) Lord Macaulay
(C) Sir William Bentinck (D) Lord Ellenborough
71. When the output is equal to zero, the variable cost is _____.
(A) constant (B) zero
(C) minimum (D) maximum
72. Who among the following was the Constitutional adviser to the Constituent Assembly of India?
(A) K.M. Munshi (B) B.N. Rau
(C) M.C. Setalvad (D) Rajni Kothari
73. Taxation is a tool of _____.
(A) Monetary policy (B) Fiscal policy
(C) Price policy (D) Wage policy
74. Mankidia Tribe lives in a dome-shaped leaf hut known as "_____".
(A) Kumbha (B) Dehuri
(C) Garhi (D) Rawat
75. Which of the following leaders was NOT part of the founding members of the Swaraj Party?
(A) Ranga Swami Iyengar (B) Bhagwandas
(C) Hakim Ajmal Khan (D) Jawaharlal Nehru

English Language

76. In the following question, some part of the sentence may have errors. Find out which part of the sentence has an error and select the appropriate option. If a sentence is free from error, select 'No error'.
Heart-related issues are one of the main cause (A) / of death in both men and women, (B) / yet they play out very differently. (C) / No error (D)
(A) A (B) B
(C) C (D) D
77. Sentences of a paragraph are given in jumbled order. Arrange the sentences in the correct order to form a meaningful and coherent paragraph.
A. It also holds significance for East Asian economies and Europe.

- B. History has consistently shown that the optimization and innovation of trade routes is vital for promoting regional economic development.
C. As it is the shortest maritime passage linking northeast Asia and western Europe, the development and utilisation of the Northern Sea Route hold significant implications for trade between China and Russia.
D. Collaboration between China and Russia on the Northern Sea Route is one such innovative endeavour.
(A) DCBA (B) CBDA
(C) BDCA (D) CABD

78. Select the most appropriate option that can substitute the underlined segment in the given sentence. If there is no need to substitute it, select 'No substitution required'.
There are more people in China who are 65 or older than there are in any other country.
(A) No substitution required
(B) older to there are in
(C) older than their are in
(D) older than there is in
79. Select the option that expresses the given sentence in active voice.
Flowers were presented to her by them at the event.
(A) They had presented flowers to her at the event.
(B) They present flowers to her at the event.
(C) They have presented flowers to her at the event.
(D) They presented flowers to her at the event.
80. Select the most appropriate option to fill in the blank and make a grammatically correct sentence.
Once he damaged one of his eyes trying to observe a solar eclipse with _____ protection.
(A) advent (B) breezy
(C) inadequate (D) intact
81. In the following question, one part of the sentence may have errors. Find out which part of the sentence has an error and select the appropriate option. If the sentence is free from error, select option D, i.e. 'No error'.
Countries like United States and Canada have (A) / always enjoyed the status of being (B) / the most popular destinations for studying abroad. (C) / No error (D)
(A) A (B) B
(C) C (D) D
82. In the following question, a sentence is given with a phrase or idiom in bold. Select the option given below that can replace the highlighted phrase.
It would be crushing for him **to lose both of his parent** in a single year.
(A) to losing both of him parents
(B) to lost both of his parents
(C) to lose both of his parents
(D) No improvement
83. Which of the following is opposite in meaning to the underlined word?
You should be particularly fastidious about washing your hands before touching food.

- (A) lazy (B) sloppy
(C) doubtful (D) nervous

84. A sentence has been given in Active/Passive Voice. Out of the four alternatives suggested, select the one which best expresses the same sentence in Passive/Active Voice.

I will have sold all the paintings by this time tomorrow.
(A) All the paintings will have sold by me by this time tomorrow.

(B) All the paintings will be sold by me by this time tomorrow.

(C) All the paintings will have to be sold by me by this time tomorrow.

(D) All the paintings will have been sold by me by this time tomorrow.

85. The following sentence has been split into four segments. Identify the segment that contains a grammatical error.

Chinese tech professionals are moving / to Silicon Valley for opportunities / they do not believe is / available in China anymore.

(A) to Silicon Valley for opportunities

(B) available in China anymore

(C) they do not believe is

(D) Chinese tech professionals are moving

86. In the following question, out of four alternatives, select the alternative which is the best substitute of the phrase.

Belonging to the same period

(A) contemporary

(A) BCAD

(B) CADB

(C) BDAC

(D) CDAB

Directions [96 – 100]: In the following passage, some of the words have been left out. Read the passage carefully and select the correct answer for the given blank out of the four alternatives.

To understand what it is that we're after, we need to first know what it means to be wealthy, to be rich. But wait a second, wealth and riches are not really synonymous, points out Swami Swaroopananda, global head, Chinmaya Mission. He reminds us that the universe is a (1) _____, it is wealth. Hence nature is called Sri, Lakshmi, bringing prosperity and wealth. Whatever you produce, comes from nature. He adds that those who make the effort to make use of these resources productively, find wealth.

We benefit from the earth because the earth is a (2) _____; for millennia the earth's resources have been used to create wealth. And for as long as we can remember, we have been takers. "Except for human

- beings, all other species (3) _____ back to earth. That's why the world is rich. Adi Shankara was asked who was poor, and he replied that the one who has insatiable, (4) _____ desires and who feels he does not have enough, that he is not rich enough – he is truly (5) _____."
96. The universe is a __ (1) __, it is wealth.
(A) burden (B) resource
(C) wasteland (D) illusion
97. We benefit from the earth because the earth is a __ (2) __, for millennia the earth's resources have been used to create wealth.
(A) giver (B) consumer
(C) receiver (D) destroyer
98. Except for human beings, all other species __ (3) __ back to earth.
(A) extract (B) contribute
(C) demand (D) refuse
99. Adi Shankara was asked who was poor, and he replied that the one who has insatiable, __ (4) __ desires and who feels he does not have enough, that he is not rich enough – he is truly poor.
(A) finite (B) limited
(C) infinite (D) controlled
100. He is truly __ (5) __.
(A) wealthy (B) poor
(C) generous (D) content
